

Switchit Samples and Vocabulary Lists for Level 2 Packs 1-3

Is there a better way of learning vocabulary, spelling and practicing phonics? Your students will happily play Switchit for years and years and when the teacher chooses a pack of cards it is with confidence that her students will be able to decode the vocabulary and learn any new words just by playing the game. Lots of useful words, lots of reading and lots of fun.

Level 2 focuses on the so called 16 double sounds found in *New Finding Out* by David Paul as well as /tch/ and /-se/. This new edition has been expanded and redesigned and is available through ETJ Book Service and directly from the designer/producer.

SWITCHIT RULES

1. Deal 7 cards to each player.
2. Place the pack facedown, turn over the top card and place it by the pack.
3. Each player in turn plays a card, calling out the sound and word, which matches the color or sound of the previous card.
4. A Switchit card changes the color or sound of the card to be played.
5. If a player cannot play, then a card is taken from the pack.
6. The object of the game is to get rid of all your cards.
7. Remove pack after a winner is found and continue playing.
